

Assessing Projects to Improve Water Quality in the Tijuana River Valley  
Public Meeting – July 25<sup>th</sup> 2019, 6:30-8:00pm

---

## Assessing Projects to Improve Water Quality in the Tijuana River Valley

### Public Meeting – July 25<sup>th</sup> 2019, 6:30-8:00pm

**6:30-7:00 pm - Opening Remarks & Presentation**

**7:00-8:00 pm - Open House Session/Breakout to different stations to obtain more info and provide comments**

**STATION 1: Main River Channel** (Projects 1-9) – Projects at this station mainly focus on issues related to sewage.

**STATION 2: Canyon Discharges** (Projects 10-18) – Projects at this station mainly focus on issues related to sediment and trash.

**STATION 3: General Info** (Projects 19-26) – Projects at this station mainly focus on restoration, monitoring, and research.

Meeting attendees may provide comments through use of the provided comment cards. Submit comments in the comment card box or hand to a staff member. The PowerPoint from this evening will be made available at [www.sdparks.org](http://www.sdparks.org) after the meeting, & you may submit comments by email to [Crystal.Benham@sdcounty.ca.gov](mailto:Crystal.Benham@sdcounty.ca.gov), or by mail to 5500 Overland Ave Suite 410, San Diego, CA 92123 by August 9<sup>th</sup>.

### POTENTIAL PROJECTS

Project #	Project Title	Station
1	Tijuana River Trash Booms	1
2	Tijuana River Sedimentation Basins	1
3	New Lift Station to Divert Flows to SBIWTP	1
4	New Storm Water Treatment Facility at IBWC SBIWTP	1
5	New Lift Station to Divert flows to SBWRP	1
6	Expand Primary Treatment Capacity at City of San Diego SBWRP	1
7	Pumped Direct Discharge to SBOO without Treatment	1
8	Gravity Flow Direct Discharge to SBOO without Treatment	1
9	Tijuana River In-Stream Water Quality Detention Basin	1
10	Smuggler's Gulch Trash Booms	2
11	Smuggler's Gulch Sedimentation Basin	2
12	Smuggler's Gulch Retrofit Low Flow Diversion	2
13	Smuggler's Gulch In-Stream Water Quality Detention Basin	2

Project #	Project Title	Station
14	Goat Canyon Retrofit Low Flow Diversion	2
15	Goat Canyon Retrofit In-Stream Water Quality Detention Basin	2
16	Sedimentation and Trash Management in Goat Canyon	2
17	Low-Flow Diversion at Yogurt Canyon	2
18	Yogurt Canyon Pilot Channel	2
19	Brown Property Restoration	3
20	Nelson Sloan Quarry Restoration	3
21	Invasive Species Removal and Restoration	3
22	Water Quality Monitoring	3
23	Soil Sampling	3
24	Recycling Incentives	3
25	NGO Clean-up Programs	3
26	Emergency Action Plan	3
