## ABOUT THE PARK

Welcoming residents and visitors alike, Waterfront Park is the most significant recreational open space area in downtown San Diego. The existing historic landscape and landmark County building form the park's center, while an interactive splash fountain extends from the building and into the park defining a large civic green. Kids enjoy having a splash, while cooling off on warm days. The park also features large works of art, a vibrant children's play zone, and is host to dozens of special events, private events and Summer Movies in the Park showings, every year.

## MEET THE MANAGER

Supervising Park Ranger Samuel Alexander, Site Supervisor for both Waterfront and Heritage County Parks, has been employed by the County for more than 6 years. He worked his way up, serving previously as Park Attendant and Ranger, with experience on the San Elijo Lagoon Ecological Reserve and San Dieguito County Park teams. His wealth of knowledge includes safety education, survival skills, nature interpretation and special event management.

This series is part of the County's overarching Experience the Outdoors Program, championed by Board of Supervisors Chair Nathan Fletcher, to encourage more people to spend quality time outside; breaking down barriers to visitation through inclusive and equitable participation practices.
