6. **Financial Report**- 89% spent. Team did robust spending at the beginning of the fiscal year to address needs. S&S spending has slowed to stay within budget. This July DPR will be partnering with VCLL to upgrade the practice field at VC community park. Operating Transfer has an admin oversight and charges will be reversed. Property tax is at 119%. Revenue is at 84% of the year. Approved 4-0.
7. **Harvest Park Update**- Park will be transferred to DPR by the end of June 2025. The first thing the community will notice is some signage updates.
8. **Adams Park PLDO Improvements**- Lighting improvements have begun on courts 1 & 2. If we take everything listed in May's minutes and listed below, this project is roughly \$1 million. Currently the CSA 138 PLDO funds are about \$2 million. DPR's recommendation is to invest \$1 million for Adams Park, which is in line with the current PDLO priority list. This item should be a voting item in a future meeting so that the BOS can vote on the use of funds.
 1. ADA access, parking stalls, path of travel, ramps, handrails, seating, and drinking fountain.
 2. Upgrade courts 5 and 6 to concrete
 3. New drainage system
 4. Convert volleyball court to multiuse courts with ADA access
 5. Upgrade court shade awnings
9. **Open agenda**- Chris Barber-VCCPG- Will the new lighting at Adams Park Tennis Court effect the Dark Sky efforts? No, the upgraded lighting fixtures focus the lumens on the court playing surface. Where is the IG facility going? This is to be determined. Luke Taylor has completed a community survey to see what the Valley Center community prefers. Harvest Park has seen a high volume of vandalism. Jake – Unfortunately this happens in public parks. DPR has resources to help and clean up. Can we use radio control cars? Jake This sounds like a great activity for a Butterfield open house event.
10. **New Business**- Luke Taylor- Attended the Rodeo on May 24th to conduct outreach and distribute surveys regarding the development of Butterfield Trails and Star Valley parks. Most people who took the survey did not live in Valley Center. DPR will continue to gather input. The outreach/engage website is now live. Irma- Is there a map of each park? - Not yet, but this can be added. Karen- Do you have a current list/email list of internal stakeholders. -Yes, Luke will share so that stakeholders

don't receive the same email twice. Irma would like to see a Butterfield open house once a quarter.

Irma made a motion to go dark in August, Bill 1st, Alma 2nd, 4-0 approved.

11. Adjournment- 4:34pm
