The County of San Diego Department of Parks and Recreation’s Women in the Wild program was created to teach outdoor skills in a fun, nurturing and non-competitive environment. Experiences are educational, interactive and fun - building confidence and a sense of community while fostering new appreciation for San Diego’s parks, preserves and diverse recreational opportunities. Women in the Wild experiences are planned for women, by female staff members and partners. With events ranging from backpacking to bouldering and hiking to camping, we’re opening new avenues for conversation, connection and collaboration.
