The Beyer Wetland Mitigation Project is currently in the beginning of the Design Phase.

### **RANGER REPORT**

1. Western OVRP, City of San Diego

City of San Diego Senior Ranger Mika Shimada reported out on events and maintenance

efforts throughout western OVRP.

From September 15, 2024 to December 12, 2024, over 100 invasive plants were abated from the bottom of the Otay River, including invasive arundo and Brazilian pepper. Vegetation clearing took place in known areas of homeless encampments to discourage encampments and prevent fire, and for vegetation fire suppression.

Additionally, the following events were reported on: Dia de los Muertos Milkweed planting event in partnership with the San Diego Bird Alliance, River Day Cleanup in partnership with San Diego Coastkeeper, and Republic Services and Urban Corps Neighborhood National Promise Day.

Ranger Shimada also noted the upcoming OVRP Arbor Day tree planting event on January 25, 2025 in partnership with San Diego Coastkeeper.

## 2. Eastern OVRP, County of San Diego

County Senior Ranger Aaron Escobedo reported that Otay Lakes Park hosted 35 students from St. Augustine High School, who volunteered for a cleanup throughout the park. Students came out to help clean the trails, spread Fibar woodchips on the playground, and assist with general park improvements.

Ranger Escobedo also reported that Boy Scouts of America are beginning to use Camp Bashor. Their zipline is nearing completion.

## **CHAIR COMMENTS**

CAC Chair Breny Aceituno made a call for volunteers for anyone who would like to join the Ad-hoc committee for research for the Enhancing Connections and Restoration Project within OVRP Project, as they have not been able to complete substantial research to date. CAC Member Hale Richardson recommended contacting the Natural History Museum for help on the matter.
