MINUTES

1. CALL TO ORDER – 10:36 a.m.
2. INTRODUCTIONS
3. COMMUNICATION FROM THE PUBLIC
 - Carol Crafts
 - What is the status of the Public Access Plan as it relates to the Resource Management Plan?
 - What are the required conservation easements from City of Poway for the Highway 67 Improvement Project?
 - Friends group did not receive notice for rare plant surveys. Would like to be notified for future surveys.
 - Friends group would like more advanced notice for future policy meetings.
 - Any updates on the Hanson open pit mine operation?
 - Decrease in signs of wildlife in the Scripps Poway wildlife tunnel. Increase in mountain bike tracks
 - Any updates regarding the Highway 67 Improvement Project?
 - Any updates regarding the San Vicente Power Plant dam near Boulder Oaks?
4. PRESERVE OPERATIONS UPDATE (Kevin Hubbell)
 - Staff planted over 250 native trees throughout the preserve. Partnering with SDG&E, an additional 30 trees were planted by a contractor.
 - Well head received improvements with a new pump, replumbed well head, new pressure tank, and raised casing.

GOODAN RANCH POLICY COMMITTEE

May 12, 2022

- Staff refurbished the old greenhouse. It will be used for sprouting acorns and growing a variety of native trees and plants.
 - A new chicken coop was also added, and six chicks were introduced. The greenhouse and composting area will also be used for educational programs.
 - Staff and volunteers continue to perform vegetation management, trail, and road maintenance.
 - Staff and volunteers continue to deter use of unauthorized trails in the preserve by installing barriers, signage, and engaging with trail users.
 - Staff continue to monitor for Western Spadefoot Toad activity near Martha's Grove and Cardiac Hill. No sightings this year due to dry conditions.
 - Park staff hosted three Star parties this year in partnership with the San Diego Astronomy Association.
 - Rangers hosted nature touch tables every Saturday morning to provide a hands-on educational experience about local wildlife.
 - Two new trail maps were added at trail junctions.
 - Doggie bag stations were added to the Highway 67 and the Goodan staging areas.
 - Staff added a new native plant garden north of the Goodan ranch house and updated landscaping around the visitor center.
 - The horse corral and hitching post were sanded and repainted.
 - Historical photos and videos from the Goodan family are now on display in the Visitor Center.
 - Two new Class 2 E-Bikes were purchased to aid in patrols and to perform maintenance tasks.
 - SCGR became one the first workgroups in DPR to switch from gas powered to electric tools.
 - Future Plans
 - Staff will work with DGS to resurface the floor in the Visitor Center and repaint the exterior railing.
 - Picnic area features will be added to the Olive Grove.
 - A Native American exhibit will be added to the Visitor Center under the guidance of the Barona Cultural Museum
 - The preserve brochure and website will be updated to attract more special events and gatherings.
5. RESOURCE MANAGEMENT PLAN UPDATE (Anna Prowant)
- Continuing to finalize the Public Access Plan. Currently funded for design and environmental. Construction funding is not anticipated until FY 24/25.
 - Public feedback regarding Goodan Ranch parking expansion at the northwest corner of the property to add 20-25 spaces, if feasible.
 - Hermes Copper Butterfly was listed as Threatened under the Endangered Species Act by USFWS in December 2021. Identified in preserve.
 - Conducting surveys this year and data will be updated to the PAP and environmental documents.
 - The Mitigated Negative Declaration is going out for public review in 2023.

GOODAN RANCH POLICY COMMITTEE

May 12, 2022

- Species observed in preserve: San Diego Goldenstar, Cooper's Hawk, Southern California Rufous-Crowned Sparrow, Coastal California Gnatcatcher, and Southern Mule Deer.
- Rare plants such as San Diego Thornmint, are monitored regularly.
 - Monitoring dates will be shared with the Friends group.
- Active grant from San Diego Habitat Conservancy for the Invasive Non-native Treatment Project.
 - In last year of the 3-year grant for the 32-acre treatment area
 - Focus is on riparian habitat adjacent to Sycamore Creek
- In response to Friends comments:
 - Thanks to the Friends group for sharing comments regarding the open pit mine and mountain bike track data in the Scripps Poway wildlife tunnel
 - Carol Crafts – Mine will alter scenic viewshed from Slaughterhouse Trail.
 - No update regarding the Hwy 67 Caltrans project. Will follow up with Friends.
 - No update regarding the San Vicente Dam at Boulder Oaks. Brian Albright – A working group has been established.

6. FUTURE AGENDA TOPICS

- Brian Albright – Preserve will receive an increase in the operating budget for next fiscal year.
- Terry Callan – Improvements to the Goodan Staging Area entrance. Installing a more welcoming gateway structure. The Goodan family are primary donors to the Friends group and have contributed 100k.
- Carol Crafts – Can drop off more copies of the Goodan Ranch history book at the preserve office.

7. ADJOURNMENT at 11:00 a.m.
