237	AppF_GIS data slipsheet	City of San Diego	Unknown	DUDEK	Appendix F - Mitigation GIS Data	Blank	Jun-18	Unknown	"These data were submitted electronically concurrent with submittal of this report of June 12, 2018"; Additional files (.txt, .spg, .dbf, etc) for GIS included in folder					
238	AppG_TJ ChannMit 4th annual rpt 2017.11.27.17	City of San Diego	City of San Diego Storm Water Division	DUDEK	Appendix G - Fourth Annual Mitigation Monitoring Report for the Tijuana River Valley Channel Maintenance Project	Report	Dec-17	Tijuana River Valley, Pilot Channel, and Smuggler's Gulch	Report addresses mitigation efforts for the control of target non-native plant species and ongoing flood control maintenance					X
239	TJ Final MonitoringReport_2018-OPT	City of San Diego	City of San Diego Storm Water Division	DUDEK	Fourth Annual Mitigation Monitoring Report for the Tijuana River Valley Channel Maintenance Project	Final Report	Jun-18	Tijuana River Valley, Pilot Channel, and Smuggler's Gulch	Final report includes Pre-Maintenance Compliance Notifications and Construction and Monitoring Activities; Appendices included in folder and listed above	X	X			X
240	Mark Seits Extension Letter 7-6-18 (002)	Port of San Diego	Mark Seits	Cynthia Holder	Re: Request for Public Records - Tijuana River Valley - Request No. 2018-07-369	Email	Jul-18	Unknown	Acknowledges receipt of California Public Records Act Request and asks for additional time to collect records					
241	Griffith AR07_237_244 (002)	SCCWRP	Unknown	John F. Griffith, Kenneh C. Schiff, Stephen B. Weisberg, Charles D. McGee and Clay Clifton	Efficacy of shallow water sampling to determine exposure of surfers to indicator bacteria at marine beaches	Report	Unknown	12 beaches, including Tijuana River	Research paper includes methods, results, and discussion, of dry weather sampling at 12 beaches and wet weather sampling at 9 beaches			X		X
242	Tijuana River 63 post-project Interim Progress Report May 16 2016signed	US FWS	Robert Revo Smith	Brian Collins	Interim Informational Progress Report of Emergency Dredging Project authorized by two RGP 63 Authorization Letters (April 11 and May 5, 2016) to Reintroduce Tidal Circulation to the Tijuana Estuary	Letter	May-16	Tijuana River	Progress report for beach sand dredging and placement activities, including emergency dredging activities to reopen the closed mouth of the Tijuana River	X		X		
243	Boland-KSHB-April2018	SWIA Data	US Navy and US Fish and Wildlife Service, Southwest Wetlands Interpretive Association	John M. Boland	The Kuroshio Shot Hole Borer in the Tijuana River Valley in 2017-18 (Year Three): Infestation Rates, Forest Recovery, and a New Model	Final Report	Apr-18	Tijuana River Valley	Presents research results on the invasive Kuroshio Shot Hole Borer during year three of the KSHB infestation in the valley			X		
244	Boland - KSHB Apr 2017_FINAL	SWIA Data	US Navy and US Fish and Wildlife Service, Southwest Wetlands Interpretive Association	John M. Boland	The Ecology and Management of the Kuroshio Shot Hole Borer in the Tijuana River Valley	Final Report	Apr-17	Tijuana River Valley, Goat Canyon	Report examines several aspects of the KSHB's attack during 2016, the KSHB's second year in the valley, including the effects of fallen woody debris					
245	Boland 06 Arundo Layering	SWIA Data	Madrone - A West American Journal of Botany	John M. Boland	The Importance of Layering in the Rapid Spread of Arundo Donax (Giant Reed)	Report	Jan-06	Tijuana River Valley	Paper describes the expansion of established A. donax clumps in the wildlands and examines the mechanisms and frequency of establishment of new clumps within the valley					
246	Boland 2014 Pleustochory	SWIA Data	Madrone - A West American Journal of Botany	John M. Boland	Secondary Dispersal of Willow Seeds: Sailing on Water into Safe Sites	Report	Jan-14	Tijuana River Valley, Goat Canyon	Identifies another way willow seeds are dispersed – being blown by winds while sailing or floating on the surface of standing water (pleustochory)	X				
247	Boland floods + bulldozers 2008	SWIA Data	Madrone - A West American Journal of Botany	John M. Boland	The Roles of Floods and Bulldozers in the Break-Up and Dispersal of Arundo Donax (Giant Reed)	Report	Jan-08	Tijuana River Valley, Smuggler's Gulch	Report examines and presents results on the A. donax clump break-up and reproduction via fragmentation through the mechanism of flooding				X	
248	Boland seeds + seedlings	SWIA Data	BioOne	John M. Boland	Linking Seedling Spatial Patterns to Seed Dispersal Processes in an Intermittent Stream	Report	Jan-17	Tijuana River Valley, Goat Canyon	Examines seedling distribution patterns and seed dispersal processes of 11 common riparian species at two in-channel sedimentation basins	X	X			
249	Boland TJ willow zonation	SWIA Data	Madrone - A West American Journal of Botany	John M. Boland	Factors Determining the Establishment of Plant Zonation in a Southern California Riparian Woodland	Report	Jan-14	Tijuana River Valley, Goat Canyon	Describes plant zonation in a southern California riparian woodland and identifies the factors responsible for the zonation	X				
250	Boland Unintentional spread of Arundo 2010	SWIA Data	Unknown	John M. Boland	Stopping the unintentional spread of arundo	News Article	Jun-10	Tijuana River Valley, Goat Canyon, Smuggler's Gulch	Describes the natural and unintentional spread of arundo, providing synthesis and recommendations to control the spread					
251	Overview of RIPARIAN	SWIA Data	Unknown	John M. Boland	Studies of Riparian Habitats in the Tijuana River Valley	Summary	Jul-18	Tijuana River Valley	Summary of the studies addressing Riparian Habitats, Shot Hole Borer (sewage contamination), and Invasive Plant Species					
252	SWIA-TJ Invasive Plant Control Program 2002 text + pics	SWIA Data	State Coastal Conservancy, U.S. Fish & Wildlife Service	John M. Boland	Tijuana River Valley Invasive Plant Control Program	Report (Plan)	Nov-02	Tijuana River Valley	Describes the distribution of target invasive species and the methods to be used to control these species in 26 sites within the valley		X

535	Permit Number 53 for SD Routine Flood Control Maintenance Activities	County of SD	San Diego County, Department of Public Works	Los Angeles District	Department of the Army Regional General Permit Number 53	Permit	2015	Various waters of US located through County of San Diego, CA	The RGP authorizes mechanical sediment, vegetation, and debris removal activities (maintenance activities) of bridges, culverts, and selected channels to prevent flooding of existing adjacent roadways and/or properties.				X	
536	Public Notice of Application for Amendment of Water Quality Certification	County of SD	Public	State Water Resources County Board Division of Water Quality	Public Notice of Application for Amendment of Water Quality Certification	Public Notice	Apr-17	Various waters of US located through County of San Diego, CA	The public notice satisfies the requirements of the California Code of Regulations, title 23, Section 3858, which governs the State's Certification Program. Applicants for a federal license or permit for activities which may discharge to waters of the US must seek Water Quality Certification from the state or Indian Tribe with jurisdiction. Such Certification is based on a finding that the discharge will meet water quality standards and other applicable requirements. This is for the County of San Diego Flood Control Maintenance Regional General Permit 53.				X	
537	08-04-11 ACOE IBWC Channel Maintenance Permit .pdf	County of SD	Los Angeles District	USIBWC	Application for Permit	Public Notice	Aug-11	Tijuana River Valley	The proposed activity consists of restorative channel maintenance of the USIBWD Tijuana River Flood Control Project where the Customs and Border Patrol have border patrol activities in the upper part of the Tijuana River Valley. The Corps is seeking authorization for a five year permit to initially remove material and then for USIBWC to remove material as necessary on an annual basis.				X
