

# **Mira Mesa Epicentre**

Outreach & Feedback: Schematic Design & Programming  
August 2023 Update

# Recent Outreach and Feedback

## ● SURVEY

An online survey was shared with the community **June 26 to July 14** to collect feedback on the schematic design and proposed programs.

## ● COMMUNITY EVENT

On **July 6**, DPR hosted a community event with SD Nights and other agencies at the Mira Mesa Recreation Center; attendees shared feedback on the schematic design and proposed programs.

## ● ADDITIONAL OUTREACH

Feedback on facility design and programs was also collected during the Mira Mesa Independence Day Picnic on **July 2**.

# Recent Outreach and Feedback

## PROMOTION

- DPR website and social media sites
- Stakeholder and project email announcements
- County Board of Supervisor District 3 social media
- City Council District 6 social media
- Multi-lingual mailer to 33,961 residences/businesses in the Mira Mesa Community Planning Area

## FEEDBACK STATISTICS

156 responses collected  
Details in next slides...

The site plan shows a proposed new building with various rooms including a Reception/Lounge, Kitchen/Breakroom, Lounge, Game Room, Reception/Office, Program Room, and Collaboration Space. The building is surrounded by landscaping, including trees and a path. An existing parking lot is located to the north of the building. The plan is numbered 1 through 17, corresponding to the numbered locations in the text.

# Schematic Design

## Exterior Spaces

# Feedback Results

## *Exterior Space of the Mira Mesa Epicentre*

(Collected from the highest number of responses categorized by topic area)

- Enjoy the native landscaping and shade trees
- Like the outdoor lounge space and seating with the addition of shade features
- Prefer recreational features to include basketball and exercise equipment
- Adequate nighttime lighting, clear sightlines, and security cameras are recommended to support secured site

# Schematic Design

## Building and Interior Spaces

# Feedback Results

## *Interior Space of the Mira Mesa Epicentre*

(Collected from the highest number of responses categorized by topic area)

- Like how the large multi-purpose space will allow for flexible programs including performances or events
- Program rooms are recommended to support different clubs and organizations
- Having a music room for instruments and collaboration is ideal
- The natural light and ventilation features create an inviting space
- The space should be low maintenance and user friendly to the public.

# Feedback Results

## How do you envision using the Epicentre?

# Next Steps

Feedback collected will further refine the design of the facility as the project heads into the next phase of construction documentation.
